Pick-up/Drop-off procedure

Staggered Pick-up/Drop-off by ages groups.

Toileting/hand washing

The Camp will be using the NPE bathrooms closest to the gym and only these. Campers will follow all school procedures for bathroom use.

Hand sanitizer will be available to all groups and counselors will encourage frequent washing and sanitizing. Nether Providence Township Summer Camp staff will sanitize high touch surfaces daily.

Foodservice

All students and staff will always wear masks, except when eating/drinking and during periodic mask breaks which will take place outdoors with at least 6 feet of distance between campers. While 6 feet between campers may not be feasible at all times, student seating will be distanced, and counselors will encourage physical distancing throughout the day. On Special treat days Campers will have snacks outside 6ft apart under tents or on the field.

Camp organizational structure

To limit interactions between campers we have made some format and logistical adjustments to camp this year:

- Students will be in groups of no more than 22 people (up to 20 students and 2 staff) for most of the camp time.
- Camps will be in the same small group for the duration of the camp. No Intermixing of groups.

Positive or suspected positive cases and response

I think or know I had COVID-19, and I had symptoms.

You can be around others after:

- 10 days since symptoms first appeared and
- 24 hours with no fever without the use of fever-reducing medications and
- Other symptoms of COVID-19 are improving*

*Loss of taste and smell may persist for weeks or months after recovery and need not delay the end of isolation.

I tested positive for COVID-19 but had no symptoms.

- If you continue to have no symptoms, you can be with others after 10 days have passed since you had a positive viral test for COVID-19.

For Anyone Who Has Been Around a Person with COVID-19

- Anyone who has had close contact with someone with COVID-19 should stay home for 14 days after their last exposure to that person.
- The best way to protect yourself and others is to stay home for 14 days if you think you have been exposed to someone who has COVID-19. Check your local health department's website for information about options in your area to possibly shorten this quarantine period.

However, anyone who has had close contact with someone with COVID-19 and who meets the following criteria does NOT need to stay home.

- Someone who has been fully vaccinated within the last three months and shows no symptoms of COVID-19.

Or:

- Someone who has COVID-19 illness within the previous 3 months and has recovered and remains without COVID-19 symptoms (for example, cough, shortness of breath)
