- 3) For additions, enclosures, new dwellings or accessory structures one plot plan must be submitted showing the following information:
  - a) The size of the lot.
  - b) Existing main structure (including if applicable rear or side porch, side deck or rear deck). Show the driveway entrance to the street.

- 4) This is an application. It must be reviewed by Code Officials for conformity to the Township's Codes. If the proposed structure conforms to the Township's Codes a permit will be issued within 15 working days, or 30 days for commercial, from the date of receiving a complete application. A completed application means all of the trades people have filed the permit applications for electrical, HVAC, mechanical, and plumbing.
- 5) The applicant --contractor/ homeowner/ tenant-- is responsible for the accuracy of the information contained in this application and the plot plan. If the permit is issued based on incorrect building setback dimensions, incorrect building size, or missing structures and waterways the Township may rescind the permit.
